

Creating Lists in HTML

Unordered List:

```
<ul>
<li>1st item</li>
<li>2nd item</li>
<li>3rd item</li>
<li>4th item</li>
</ul>
```

The above list will be a BULLETED list. Result will look like:

- 1st item
- 2nd item
- 3rd item
- 4th item

Ordered List

```
<ol>
<li>1st item</li>
<li>2nd item</li>
<li>3rd item</li>
<li>4th items</li>
</ol>
```

This list is a NUMBERED list. Result will look like:

1. 1st item
2. 2nd item
3. 3rd item
4. 4th item
