

## Quiz 2

You are going to create a website using div tags, paragraph tags, lists and images. When you are done with the quiz, copy and paste the html code into the [following google form](#). The requirements for this page:

1. The title should be -- Quiz 2 yourname. (1 point)
2. Create a decorative header in Photoshop that says Quiz 2 and insert it at the top of your website. (5 points)
3. Create a block (div tag). In that div tag write your name and your grade in a unordered list. (5 points)
4. Create a second block. In that div tag, write a paragraph about St. Patrick's Day. (10 points)
5. Create a paragraph. Within that paragraph create an ordered list with your opinion of the top ten holidays. (10 points)
6. When done, copy and paste your html code into the above google form. (4 points)
